Dear Supervisors:

**APPROVAL TO TRANSFER RESPONSIBILITY FOR MONITORING COMPLIANCE
WITH BOARD POLICY NUMBER 6.040 FROM THE CHIEF INFORMATION OFFICE
TO THE CHILD SUPPORT SERVICES DEPARTMENT
(ALL DISTRICTS - 3 VOTES)**

SUBJECT

The Chief Information Office (CIO) and the Child Support Services Department have reviewed Board Policy Number 6.040 (Policy) entitled "Departmental Web Pages – Hot Links to D.A.'s 'L.A.'s Most Wanted: Delinquent Parents' List." Upon review, both departments concluded that certain revisions are necessary to update the Policy.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Accept the recommendation to designate the Child Support Services Department as the agency responsible for monitoring compliance with the Policy;
2. Accept the recommendation to change the Policy's title to "Departmental Web Pages – Hot Links to the Child Support Services Department's Most Wanted List";
3. Accept the recommendation to delete all Policy references to the "District Attorney" and replace them with references to the "Child Support Services

Department" where appropriate; and

4. Accept the recommendation to make other minor grammatical changes to make the policy easier to read and understand.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION:

Publicizing the names and likeness of parents who have been criminally prosecuted for and convicted of the failure to pay child support is a support enforcement tool used by the Child Support Services Department (CSSD). Including a link to the CSSD's "Most Wanted" list furthers CSSD's enforcement efforts. As such, CSSD is the agency that should be responsible for monitoring other County departments' compliance with the Policy.

It is appropriate to change the title of the Policy to ensure that the Policy references the Child Support Services Department, the County agency responsible for generating and maintaining a list of parents who have been criminally prosecuted for and convicted of the failure to pay child support.

The Policy contains several references to the District Attorney's Office relative to child support enforcement. Responsibility for child support enforcement now lies with the Child Support Services Department, as such, it is appropriate to delete Policy references to the "District Attorney," and replace them with references to the "Child Support Services Department."

Implementation Of Strategic Plan Goals:

This request is consistent with the County's Strategic Plan Goal 2 (Children, Family and Adult Well-Being), in that publicizing the CSSD's "Most Wanted" list enhances CSSD's child support enforcement efforts in both general and specific ways. Generally, publication of the list sends a clear message that unlawful failure to pay child support can and will (in appropriate cases) be prosecuted in Los Angeles County. This may serve as a deterrent for certain parents who would otherwise avoid their court-ordered child support obligations. In addition, publication of the list assists in the apprehension of those parents on the list and/or encourages those parents to turn themselves in and begin making support payments.

FINANCING/FISCAL IMPACT:

None. The recommended action will designate CSSD as the agency responsible for monitoring the websites of other County departments to ensure compliance with the Policy. Although CSSD uses criminal prosecution as an enforcement tool of last resort, collections negotiated by our Criminal Prosecution Division positively impact CSSD's overall child support collections. Due in part to the child support collections negotiated by the Criminal Prosecution Division, the CSSD's June 2009 collection rate for current child support reached the highest level ever recorded in the history of the CSSD.

CSSD employs staff skilled in the Information and Technology arena. The time and resources that it will take existing staff to periodically check the websites of the other County departments to ensure compliance can be incorporated into the employees' existing workload without undue burden.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

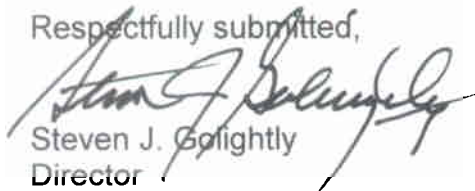

In 1997 the Board adopted a policy that required each County department to have on its website, a link to the District Attorney's "L. A.'s Most Wanted Delinquent Parents List." That policy is codified as Board Policy Number 6.040. In 1997, the District Attorney had responsibility for child support enforcement. The District Attorney's list contained, among other things, the name and picture of certain parents who were criminally prosecuted for and convicted of the failure to pay court-ordered child support.

In July 2001, the County of Los Angeles Child Support Services Department was created and assumed the child support enforcement duties formerly carried out by the Office of the District Attorney. CSSD also maintains a list of parents who have been criminally prosecuted for and convicted of the failure to pay court-ordered child support. CSSD's list is called the "Most Wanted" list and contains the same type of information formerly contained in the District Attorney's delinquent parents list.

IMPACT ON CURRENT SERVICES (OR PROJECTS):

None.

Respectfully submitted,

Steven J. Golightly
Director
